III. EVALUATION PROCESS

1.0 Pre-Proposal Conference

There is a non-mandatory Pre-Proposal Conference scheduled for this RFQ at 10:00 am on July 14, 2021, at Town Hall, 3577 S. Ocean Blvd., South Palm Beach, FL 33480.

2.0 Evaluation, Scoring and Award of Contract

The Town will consider each qualifications submitted to the maximum extent practicable and will consider all listed evaluation criteria. The Town will award the contract(s) to the most qualified and responsible firm(s) possessing the ability to perform successfully under the terms and conditions of this RFQ and subject to fair and reasonable compensation (discussed only during the negotiations).

- A. Certification of Qualified Firm.** The Town Manager or an Evaluation Committee will evaluate and determine which firms are qualified to provide the requested services consistent with the qualification evaluation criteria. The qualification evaluation criteria follow: Capabilities of the firm; adequacy of personnel; past record of performance; experience of the firm; licensing/certifications of firm; and whether the firm is a certified minority business enterprise (not required). The firm must be a properly licensed business in the State of Florida.
- B. Competitive Selection.** Once the Town Manager/Evaluation Committee determines which firms are qualified, he/it shall rank the qualifications based on the competitive negotiations evaluation criteria and make a recommendation of at least the top three (3) firms to the Town Council. If less than three (3) firms submit qualifications or if less than three (3) firms qualify, the Town Manager or the Evaluation Committee may move forward with a recommendation of less than (3) firms to the Town Council if the solicitation was advertised. If the Town Manager or the Evaluation Committee determine that the solicitation has not generated adequate competition (i.e., less than 3 firms), it may choose to not move forward with the evaluation. The competitive negotiations evaluation criteria follow:

Criteria	Max Points
Ability and experience of firm and professional personnel	35 points
Successful past performance for similar projects	30 points
Willingness and ability to meet time and budget requirements	15 points
Approach to Services	15 points
Terminations and/or litigation	5 points
MAXIMUM POINTS	100 POINTS

The selection process consists of evaluation and scoring by the Town Manager or an Evaluation Committee and the ranking of the top three (3) firms. Each category will be scored and when the scores awarded for all categories are totaled, the scores will be tabulated and added to achieve the total points awarded to each firm. The total points will be used to rank each firm 1, 2, 3, 4, etc.

If desired, the Town Manager or Evaluation Committee may require public presentations by the top three firms. The ranking of the top three firms shall be presented to and approved by the Town Council at a duly noticed public meeting. It is anticipated that the Town Council will award the RFQ to the firms that submits the best overall qualifications(s), subject to the negotiation of fair and reasonable compensation. The Town, in its sole discretion, reserves the right to award one or more contracts for the services advertised. The Town Council shall have the exclusive authority to select the best overall qualifications and make any determinations concerning the responsiveness of the firms, the value of their qualifications, the firms' respective abilities to satisfactorily perform the work specified in the Town's RFQ, and all other related matters.

- C. Negotiations.** After the Town Council has approved the ranking of the top firms, the Town Manager may negotiate a contract with each of the highest ranked firms for professional services at compensation determined to be fair, competitive and reasonable.

The terms and conditions of the resulting contract will be negotiated with the successful firm. If the Town and a successful firm cannot agree on the terms and conditions of the resulting contract or fees, the Town reserves the right to terminate negotiations with said successful firm and move to the next ranked firm to commence negotiations. Negotiations may continue in this process until the Town is able to enter into a contract(s) with the firm(s) that best meets the needs of the Town. The resulting contracts shall include a provision for termination without cause. Such contracts shall be in compliance with all applicable laws, ordinances, policies, rules and regulations. The contract shall include hourly rates for personnel and allowable costs and expenses.

3.0 Miscellaneous Evaluation Process Information

Qualifications must be fully responsive to the requirements described in this RFQ and to any subsequent requests for clarification or additional information made by the Town through written addenda to this RFQ. Qualifications failing to comply with the submission requirements, or those unresponsive to any part of this RFQ, may be disqualified. As part of the evaluation process, the Town may conduct an investigation of references, including, but not limited to, a record check of consumer affairs complaints. By submitting qualifications, a firm acknowledges this process and consents to the Town's investigation.

EXHIBIT A
SCOPE OF SERVICES

I. Generally. The Town of South Palm Beach (the “Town”) seeks an Engineer/Architect (hereinafter, “Firm”) to perform a space needs assessment, feasibility study and pre-design report for Town Hall facilities. The report will provide a comprehensive solution to meet current and future anticipated space needs to serve the community.

II. Background Information. The original Town Hall was built in 1976 and consisted of approximately 3,300 sq. ft. The two-story building included a Fire Station, Police Department, Administrative Offices, Storage, and Mechanical areas. In 1993, an additional 1,350 sq. ft. was added and included a Council Chamber/Community Room, administrative offices, and public restrooms. The final addition of 2,016 sq. ft. was completed in 1996 and included the current Council Meeting Room/Community Room, and additional storage space.

In the late 1990’s, the Fire Department services were transferred to the Palm Beach County Fire/Rescue and relocated to another station close by. However, the study should consider the feasibility of the Fire Department returning to this location. In 2019 the Town transferred all Police functions to the Palm Beach County Sheriff’s Department, and currently the former Police Department (approximately 750 sq. ft.) is used as a substation for the Sherriff’s Office. Six to seven officer’s staff the Town (one during the day and two in the evening) for police services around the clock seven days a week.

Prior to the pandemic, several activities took place at Town Hall, including exercise classes, as well as a popular lecture series during the day and evening. These events took place in the current Council Chambers. The study should address these activities in detail as part of the study.

Currently the Town has five employees (3 full-time and 2 part-time) consisting of a Town Manager, Town Clerk, Building Department Clerk, and two part-time employees. In addition, the Town contracts out Building Department Services for plan review and inspections.
